Recommendation

4. Page 11, b. Immediate action to reduce cable traffic fast pouch, direct laterals, uniform devices, cable writing course, control in field.

Other Recommendation

3. Page 15. b. DD/S okay D/Logistics to provide transportation for project night shift women.
(Note: Page 65 shows this applies to all women not just project.)
19. Page 19 a. Chief S/C be commended for high level of efficiency staff communications.
- b. D/CO disseminate Notice to all O/C Sig Center (Hq and overseas) personnel reflecting IG report views ref achievement and extra effort (This is risky since CT(R)s also rate and they do crypto many places.)
20. Page 19. In addition to implementing Page 35 recommendations 25X1A2g Fast Pouch, direct laterals w/o Hq relay, more uniform use of defices cable writing course for DD/P, DD/I and DD/S pers, establish better controls overseas - releasing officer limitation) D/CO establish firm and irrevocable policy governing assignment, reassignment and transfer signal center personnel per "above" criteria - transfer dependent on availability of qualified replacement
21. Page 20. D/CO and Chief S/C arrange for cy clearance few PBA personnel for Char duties
- Arrange parking for mid watch pers to 0815.
- Move message center to permit S/C use second floor.
22. Page 20. D/CI approve consolidation S/C & Cable Secy but implementation gradually so no undue burden on Chief or Deputy Sig Center (page 147 seems based on Management views.).
36. Page 23. Use of Cable note be discontinued & all 25X1A6a cable conform regulat procedures (abuse is reason.)
37. Page 23. a. DD/S authorize institute fast pouch 25X1A6a (DDCI decided to eliminate? IG says previous scheme wrong since applied to cables not pouches, Cost?)

- b. DD/P issue instructions to stations (and Hq?) to use fast pouch except where need for other clearly shown.
